VOL. XI, No. 4

STRATHMORE, ALBERTA, OCTOBER 22, 1919.

Subscription Price, 1.50 per year

Town Council

Meeting of the Strathmore Town Council was held on Monday evening, October 20, Mayor Lambert presiding. Counsellors present were Messrs. Stammers, Bours and Anderson.

The question of a cement crossing between the Strathmore Hardware and the Crown Lumber Co. was brought up. It was agreed to leave it over till next spring, owing to the difficulty of obtaining labor and the lateness of the season.

The well at the Town Hall is in bad shape at present, and the secretary was instructed to have Mr. W. C. Tuck repair the pump and casing.

G.W.V.A. GRANTED LOTS

A letter was read from Strathmore G.W.V.A., asking the council to give them lots 13 to 18 in block 16, for the purpose of erecting a Memorial Hall. President MacKenzie, of the G.W.V.A., explained that, to remove any possible misapprehension as to the purpose to which the lots might ultimately be put, went into detail as to the character of buildings it was intended to erect, and stated that the G.W.V.A. were willing to have a provision inserted in the agreement that if the lots and building passed from one of the control of the G.W.V.A. they would revert to the Town, to be operated as a public utility for the benefit of the town and district.

It was agreed unanimously to grant the lots asked for, free of tax for the year 1919.

Several other matters were disposed of prior to the adjournment of the meeting.

LADIES GUILD

The Ladies Guild of St. Michael's and All Angels Church was reorganized Tuesday afternoon Oct. 14th, at the Rectory with fourteen members present.

The Rector, Rev. H. Montgomery presided and the following officers were elected.

President, Mrs. Montgomery.
1st vice Pres. Mrs. Hyde.
2nd Vice Pres. Mrs. Colquhoun.
Treasurer, Mrs. Hinchliff.
Secretary, Mrs. Williams.
Meetings will be held fortnightly once a month at 2 p.m. and once at 7.30 p.m. New members cordially

welcomed.

The Guild will hold a Pantry Sale on Saturday next, Oct. 25th at 2.30 at the hotel, where a great variety of home cooking will be on sale.

THE VISIT OF THE PRINCE

The Prince of Wales visit to Canada is about to end. The thousands who have seen him want to see him again. He has certainly won the hearts of all Canada. The Family Herald and Weekly Star of Montreal with characteristic enterprise have secured a real life-size portrait of the Prince, 15x22 inches, that should be in every Canadian home. It is a very pleasing portrait and bears a copy of the Prince's autograph. The Family Herald sends a copy of this portrait free to all Family Herald subscribers for 1920. The subscription price of that great family paper is \$1.25 a year, its value in itself, but with the Prince's portrait certainly. The Family Herald and Weekly Star will be kept busy looking orders, as the demand has not in with a rush. People who are not subscribers to the Family Herald and Weekly Star, have no idea of the treat they are missing.

Namaka Notes

Dr. Victor Wright and Mr. Spencer were duck hunting visitors on Saturday.

The F.W.V.A. held their usual meeting on Saturday at the home of Mrs. L. O. Whistler.

Mr. J. L. Hanson completed his threshing run in the Namaka lake district and the farmers are happy. The outfit proceeds northwards where some 2000 acres are awaiting him.

While near the lake the old stunt of hunting the snipe was by means of the hunters and gunny sack caused great excitement amongst the crew. The single snipe who held the bag nearly froze to death. "Scotty" the cook thought the snipe had "enjoyed" the job as he heard them passing over the bunk car singing "Home Sweet Home".

A "Charcoal" tool box was too much for the "Charcoal" which is recuperating in the Strathmore motor hospital.

HONOR THE FALLEN !

At this time a year ago the guns were thundering on the plains of France, and thousands of gallant men were dying daily in the last fierce battles which accomplished the downfall of the Hun. Many of our own boys from Strathmore and district were among those in the fight, and some of them have now a memorial in the graveyards that dot the fields of France. Some, more unfortunate still, have been reported missing, and it has been impossible to mark their last resting place.

But it is not impossible for us, in this district of Alberta, happily far removed from the ravages of war, to erect a worthy memorial to the men who have fought and died, not alone those in our own district, but those from all the armies of the Allies.

But for the deaths of these men Western Canada might be under a tyranny of which no one can have any conception but those who have seen the ravages of the Hun in France and Belgium, or who, like several of our men, had the misfortune to be taken prisoner.

For these reasons the erection of a War Memorial in the town of Strathmore should commend itself to everyone in the district. And it should be a worthy memorial, too. The Memorial which the Great War Veterans of Strathmore propose to erect, with the help of the public of the district, will be a worthy memorial.

Details regarding the Memorial Building will be found in our advertising pages. It is a good honor, open and above board, and entirely beneficial to everyone living in the town and district.

To enable work on the Memorial to be proceeded with before the winter gets too severe, the money necessary, \$15,000.00 should be secured by the end of this month, ten days hence. Don't wait for a canvasser to call on you, if he does not call, send your contribution in.

The list published in our columns shows that many have contributed largely, but the list is not yet representative of the whole district.

The efforts of the men who fought and died, and of those who fought and were fortunate enough to come back, some of them whole, and some maimed, saved you from the loss of your money, your freedom, and your self-respect. Surely there is no one throughout the district who is unpatriotic enough not to recognize this by including his name in our columns as a contributor. If you have not the cash on hand at present your promise will be taken.

If there are any who have any doubts as to the objects for which the hall will be utilized, or who have any points at all on which they wish to be informed before contributing, any veteran in the district will be only too pleased to inform them.

STOP PRESS.

A FINE DONATION

The Municipal District of Bow Valley, at their meeting this afternoon decided to give \$2,000 to the Veterans Memorial Hall, \$1,000 this year and \$1,000 next year.

The Bachelors' Ball

Very Enjoyable Function.

On Friday evening last the Bachelors of Strathmore held a very enjoyable invitation ball, which was attended by over 200 ladies and gentlemen of the town and district. It is some years ago since the last Bachelors' ball, the war having depleted the ranks of the bachelors for several years.

The hall was beautifully decorated, special lighting effects were introduced in the Moonlight Waltz, made possible by the recent installation of electric light in the Opera House.

The music was by Mrs. Trulove's (live) orchestra, and was of course, of a first class nature. Quite a number of outside guests were present, including several well-known residents, Messrs. W. H. Holmes, Mrs. M. E. Smith, Pearl McCann, Marie Kelly, Messrs. J. E. Anderson, J. E. McNeil and a number of others.

One of Mac's Confectionery, and with the assistance of volunteers the large crowd was handled easily, and everybody satisfied.

Mr. Dick Hardman made a capable M.C. The Bachelors deserve every credit for the success of the function, which was thoroughly enjoyed by all who attended.

It is now up to the Bachelors to reciprocate the courtesy of the Bachelors. Strathmore seems to be back to her old social stride again, and every one wants to keep the ball rolling.

Our Royal Visitor

The Prince of Wales has captured the hearts of all Canada. Rich and poor, old and young, are enraptured with his easy manner and happy expression. He is so different to what many expected.

No wonder a great demand has been created for a real life-size portrait of our popular future King. Photographers and artists have failed to secure a satisfactory snapshot of the Royal visitor. He was not here in pose for them. It remained for The Family Herald and Weekly Star of Montreal to secure a portrait that would be satisfactory, and they have succeeded. Just before leaving for Canada the Prince gave a special sitting to the celebrated London, England photographer, Sir George. The picture of The Prince's future King was instructed to secure the right to reproduce it in Canada, and that great privilege is now offering it to the people.

The Standard has succeeded in making an arrangement with the Family Herald and Weekly Star by which our readers may have a copy. Our announcement will be found on another page. The demand for this picture in Canada will be enormous, and we advise our readers to take advantage of the opportunity without delay.

MAGIC BAKING POWDER
Contains no alum

We unhesitatingly recommend Magic Baking Powder as being the best and purest baking powder possible to produce. It possesses elements of food that have to do the building up of brain and nerve matter and is absolutely free from alum or other injurious substances.

Proportional Representation --No. 4

Opponents of the adoption of the Proportional Representation system in connection with parliamentary, legislative and municipal elections, to which attention has been devoted in this series of articles, argue:

1. It is not complicated for the voters to understand.
The following was the percentage of spoiled ballots in some elections recently held under the P.R. system: Slieve Municipal election: Votes cast, 2,251; spoiled ballots, 2. Of the latter number, 21 only were attributable to the new system, while 19 were declared invalid for reasons other than the P.R. system was defective, just as it is in other systems.
Edinburgh election: Votes cast, 12,087; spoiled ballots, 3.27 per cent; of which 1.2 per cent were due to the P.R. system and the remainder to the old system.

2. The method of counting the votes is too elaborate and the process takes too long.

The following counts from places where P.R. has been tried may be taken as indicative of testing on the question:

(a) Glasgow. The returning officer on one day counted 10,000 votes; 12,000 votes, spread over seven electoral divisions of the city.

(b) Calgary. It took nearly three hours to count ballots as issued under the old system.

(c) Vancouver. It took 60 hours to count 4,601 ballots.

(d) Of the election in Slieve, "The Champion" of that city says: "The system has involved its adoption. We saw it made, and we saw its simplicity. We saw its unerring honesty to the voter all through."

It is as easy as the old way. It is a fairer system, and it is absolutely fair.

It is very plain, very simple. However, even if it took three days to count the votes, it is a fairer system than the old one, and it is a fairer system than the old one.

It is a fairer system than the old one, and it is a fairer system than the old one. It is a fairer system than the old one, and it is a fairer system than the old one.

It is a fairer system than the old one, and it is a fairer system than the old one. It is a fairer system than the old one, and it is a fairer system than the old one.

It is a fairer system than the old one, and it is a fairer system than the old one. It is a fairer system than the old one, and it is a fairer system than the old one.

It is a fairer system than the old one, and it is a fairer system than the old one. It is a fairer system than the old one, and it is a fairer system than the old one.

It is a fairer system than the old one, and it is a fairer system than the old one. It is a fairer system than the old one, and it is a fairer system than the old one.

It is a fairer system than the old one, and it is a fairer system than the old one. It is a fairer system than the old one, and it is a fairer system than the old one.

It is a fairer system than the old one, and it is a fairer system than the old one. It is a fairer system than the old one, and it is a fairer system than the old one.

It is a fairer system than the old one, and it is a fairer system than the old one. It is a fairer system than the old one, and it is a fairer system than the old one.

It is a fairer system than the old one, and it is a fairer system than the old one. It is a fairer system than the old one, and it is a fairer system than the old one.

It is a fairer system than the old one, and it is a fairer system than the old one. It is a fairer system than the old one, and it is a fairer system than the old one.

It is a fairer system than the old one, and it is a fairer system than the old one. It is a fairer system than the old one, and it is a fairer system than the old one.

It is a fairer system than the old one, and it is a fairer system than the old one. It is a fairer system than the old one, and it is a fairer system than the old one.

It is a fairer system than the old one, and it is a fairer system than the old one. It is a fairer system than the old one, and it is a fairer system than the old one.

It is a fairer system than the old one, and it is a fairer system than the old one. It is a fairer system than the old one, and it is a fairer system than the old one.

MEASURE YOUR NECK Before and After Taking GOITRE

Goitre is a disease of the thyroid gland, which is situated in the neck, and is characterized by a swelling of the gland, which may be accompanied by a lump in the neck, and by a feeling of fullness in the throat.

Canadian Lumber In Britain

Prejudice Against Frame Houses Is Giving Way in Old London.—Pressure in favor of wood houses in Britain has been so great that it is unlikely any local objections will have any weight against the introduction of the new type of health to override existing restrictions. A number of municipalities in Scotland have already taken steps to repeal restrictive regulations. It is probable Scotland may lead Britain in wood construction.

It is understood Canadian parties are interested, and an estimate of the value has been submitted to the committee of health housing committee, stating that the buildings proposed by the ministry's architects would be a discredit to Canadian industry, being ill in appearance, inconvenient in design and will generally attract popularity.

The lifting of restrictions, however, will give Canadian house builders a vast market if they co-operate. The British government, however, states that prospects are good for the colonization of large tracts of irrigated land in the district next spring.

There are many other objections advanced against Proportional Representation, but these are the chief ones, and certainly they do not hold against the merits of the P.R. as set forth in all the articles of this series.

As pointed out in the first of these articles, the principles of Proportional Representation has been endorsed by the British and the Canadian Conventions, the Great War Veterans' Association, the Canadian Council of the Empire, the J.M. Service Council, and numerous other reform organizations. It was endorsed by the recent federal conference at Ottawa, and the Government has announced its intention of having an executive inquiry made, and a view to its adoption in Federal Parliamentary elections.

People everywhere should, therefore, embrace every opportunity that presents itself to study the question and become as fully informed as possible in regard to it as it is practically a certainty that it will be adopted in Canada in the not distant future. It is to encourage such study that this series of articles has been written.

Worms, however, generally are found in the digestive tract, and they act as a disturbance to the normal action of the stomach. They are not so common for the little ones as for the adults, and they are often expelled. No better preparation for an executive inquiry made, and a view to its adoption in Federal Parliamentary elections.

HOW TO "BE FIT" AT SIXTY

BY DR. LEE STRENGTH

As our boys "came marching home," they brought a new, long-haired doctrine, and showed us the glory of a perfect body. They will show us how to "keep fit" even if we have passed middle life and are beyond the athletic stage. For the tired business man, the man who feels the daily grip and the nightly nag, has meager appetite, headache, nervous system, is gloomy, ending in a soggy brain, try the right way. Get out of bed, open the window, breathe deeply, exercise the army "getting-up" exercise or use dumb bells, until in a warm glow.

Before breakfast take hot water, and occasionally castor oil or a pleasant laxative made up of May-apple, aloin, jalap, and sold by all druggists as Dr. Pierce's Pleasant Pellets.

As Prof. Strauss says: "The excretion of uric acid we are able to effect by exciting diuresis." Drink copiously of soft rain or distilled water, six or eight glasses per day, hot water before meals, and obtain Auric Tablets, double strength, for 50 cts., at the drug store, or order them three times a day. If you want a trial package send 10 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

"Auric" (anti-uric acid) is the recent discovery of Dr. Pierce, and is more potent than salicylic acid, for it will dissolve uric acid as hot tea dissolves sugar.

Natural Salt Beds in Alberta

Provincial Government Develops Immense Deposits Near Fort

Drilling for salt at Fort McMurray, Alberta, has just been commenced, according to officials of the Department of Mines.

An outfit, with seven men, has just been sent in to the provincial government. The deposit underlying the town of Fort McMurray, so far as the work, over to a company.

According to previous investigations, there is a bed 300 feet deep, lying 480 feet under the surface. Professor Allen, of Alberta, was sent in by the provincial government a couple of months ago and he reported very favorably.

It is not decided whether the government will mine salt, supposing everything is as expected, or whether it will turn the work over to a company.

Whether the crop be of old or new growth, it must yield in Halloway's Corn, the highest and best ever offered to the public.

Canada's forests embrace 350,000 square miles of virgin forest, estimated to yield 1,000,000,000 cords of pulpwood.

Now, in memory of Lord Kitchener, it will cost \$30,000.

A special cargo will shortly be installed in St. Paul's Cathedral, London.

STRATHMORE WAR MEMORIAL HALL

The first week's canvass for the War Memorial Hall, a project undertaken by Strathmore Great War Veterans' Association, has been remarkably successful.

The Memorial Hall is intended in the first place as an everlasting tribute to the men from Strathmore and district who fell in the cause of liberty, in the second place to provide those who have been fortunate enough to come back with club and reading rooms, and in the third place to provide the people of Strathmore and district with a real community hall, big enough to accommodate any local gathering, and modern, sanitary, and safe.

Location

The Town Council of Strathmore have gifted six lots on a location on Second Street between the Methodist and Presbyterian Churches as a location for the building, and this will allow of ample room for grounds, and good light on all sides.

Plans

Plans for the building are being rapidly prepared, and tenders are being called for the construction of the foundation.

Clubroom For G.W.V.A.

At this time a year ago the Great War was in full swing: Millions of men were locked in deadly combat on the plains of Flanders. You felt then that you would like to do something for the boys who were over there amid the smoke of battle. You have the opportunity now to do something for these boys. There are about sixty members of Strathmore G.W.V.A., all of whom have been overseas, and nine-tenths of whom have seen active service in France.

A Real Hall

Besides helping to provide Strathmore G.W.V.A. with a Clubroom you are at the same time doing something that will benefit yourself and your town and district. Every time you have come into Strathmore you have felt the need of a hall large enough for any kind of public meeting, dance, or entertainment. The hall proposed will amply provide this.

\$15,000 Wanted

There are a number of Volunteer Canvassers working throughout the country, but more are wanted. Get in touch with J. H. M. Martin or Rev. Henry Montgomery, if you wish to give your services as a canvasser or donate to the project. \$15,000 is wanted, and the G.W.V.A. wish to have that amount by October 31st, so that they can have the building completed before the weather makes it impossible to go ahead.

(FIVE EMPIRE) \$1.50

BRITAIN FROM THIS SPECIAL RATE OF

\$12.00 PER ANNUM. NO ONE CAN CALCULATE

THE FULL EFFECT OF SUCH A CIRCULATING

ASSET TO THE PEOPLE AND GOVERNMENT

OF GREAT BRITAIN.

Up to this year the Government of

Canada has sold Victory Bonds amounting

to more than \$1,200,000,000 to the

Canadian people. The loan now being

floats will add materially to the total.

If \$1,200,000,000 be considered as the

total outstanding war securities, at 5 1/2 per cent, the total payment

to Canadian bondholders will reach

\$65,000,000 a year.

Consider the business advantage

which must come from such a circula-

ting and recurring asset. The busi-

ness created by such a move-

ment of money will take up many

times the cost of the securities re-

quired to meet the interest payments.

To that extent we have a "sounder

and" public debt has advantages, when

it is owing to the citizens of the coun-

try. That is the economic reason for

popular Government Loans.

STRATHMORE IS ADVERTISED

G. D. Mahon, who went from Paradise

to Coadville, Alta, has recently moved

to Strathmore.

Mrs. Everett Flowers has come from

Strathmore, Alta, for a visit with her

parents, Mr. and Mrs. E. T. Long.

Enterprise (Oregon) Chieftain.

HERVEY

S. E. Alsop has sold his farm of

475 acres to a Three Hills man from

the United Grain Growers.

Don't forget the U. F. A. are having a

Hard Times dance on Nov. 11th at

Hervey School. Girls \$1.00. Ladies

free. Come and celebrate another

day to the limit.

Thrashing has been in progress

since last year, but has been some-

what delayed by showery weather.

The amount of actual threshing has been

very little, but it has been sufficient

with heavy morning dew, to slow down

progress. However, the bulk of the

grain in the district is now threshed,

and is being hauled into the elevator.

Some very good crops are being

harvested, and the average is still bet-

ter than expectations. Mr. J. P. Lawrie

of Namska had a general average of

24 bushels wheat over his farm. There

are of the new Kitchener wheat on

dry land, made 121 bushels of No.

1 grain.

Mr. W. G. Way's wheat has averaged

about 22 bushels. A good proportion

of his crop was irrigated.

Mr. Dick Jacobs, who will be well

remembered as having occupied the

ground for Strathmore in some hard

fought picking battles this summer,

has not a very fine crop, which has

averaged more than forty bushels of

wheat per acre, all dry land. Mr.

Jacobs' farm is about nine miles from

Strathmore. This has been looked

upon all summer as one of the best

crops in the district, and it has fairly

come up to expectations.

We would welcome reports from

farmers and thrashers as to their

crop.

Owing Ourselves

It is estimated by Sir George Paish, the eminent economist, that interest-bearing foreign securities held by Great Britain make a total of £5,000,000,000. The British securities held abroad do not exceed £1,200,000,000. There is a favorable balance, after allowing for all doubtful and Russian debts, of about £3,800,000,000. At an average rate of only 4 per cent, this means an annual income of £152,000,000. No one can calculate the full effect of such a circulating asset to the people and Government of Great Britain.

Up to this year the Government of Canada has sold Victory Bonds amounting to more than \$1,200,000,000 to the Canadian people. The loan now being floated will add materially to the total. If \$1,200,000,000 be considered as the total outstanding war securities, at 5 1/2 per cent, the total payment to Canadian bondholders will reach \$65,000,000 a year.

Consider the business advantage which must come from such a circulating and recurring asset. The business created by such a movement of money will take up many times the cost of the securities required to meet the interest payments. To that extent we have a "sounder and" public debt has advantages, when it is owing to the citizens of the country. That is the economic reason for popular Government Loans.

Local Notings

Dr. J. M. Brand, Veterinary Sur-
geon, has opened up an office in
Strathmore, next door to post office.
Dr. Brand, who is a brother of Mr.
J. H. Brand, saw several years ser-
vice overseas with the Army Veteri-
nary Corps. A resident Veterinary has
been a felt want in this district for
some years past, and we beseech Dr.
Brand every support.

Mr. and Mrs. Davis are rejoicing in
the birth of a bounding boy on
Monday.

The Ladies' Guild of St. Michael's
and All Angels Church will hold a
Pantry Sale on Saturday, October
25th in the Temple Room of the hotel,
at 2:30 p.m. Donations of cakes, pies,
vegetables, etc., will be gladly re-
ceived, and may be sent to the above ad-
dress on Friday afternoon or Saturday
morning.

The Guild propose holding a tea at
a later date.

The Methodist Ladies Aid met at
the Parsonage on Thursday the 16th.
Plans for annual Chicken Supper
were discussed. Next meeting on 26th
of this month at Mrs. W. G. Wray.

Strathmore Lodge 1300 F. held a
successful meeting in the Opera House
on Thursday evening, when there
was a good attendance of the brethren
and several candidates were initiated.
Brother Tully, P.G.M. was present
and addressed the brethren.

Strathmore Royal Arch Masons are
holding a social evening in the
Opera House on Friday evening of
this week, and they will entertain
their lady and gentlemen friends. A
large number of invitations have been
sent out, and an enjoyable evening is
assured. There will be a musical pro-
gramme, followed by a dance.

Dr. John Evans, D.D., left for Hoch-
ester, Minn., last week to undergo an
operation on his mouth. We wish him
a speedy recovery.

The Ford is still holding its own.
W. C. Brown, the local agent, unloaded
another carload, equipped with self-
starters, this week, and there are al-
ready sold.

\$25.00 was abstracted from Every-
body's Garage a week ago Sunday,
but though enquiries have been made
the culprit has not yet been discovered.
It has been thought that possibly
someone had tampered with the
collection, and misread the "Free
Air" sign over the Garage, but the
church collection did not show any
signs of an extra \$25.00, so that theory
has been abandoned.

One of the old-timers, Leo McDonald
who has been away for several years,
was here last week-end looking
over his farm. Leo is now ninety-five
years of age, but looks spry and active
and here he would like to manage his
quarter-section almost singlehanded.

Two baptisms took place at the An-
glican Church on Sunday: Pauline Ida,
daughter of Mr. and Mrs. T. H. Eves,
and John Chester, son of Mr. and
Mrs. J. Vail.

The old Mounted Police Quarters
on First Street are being remodelled
as a dwelling house.

Messrs Layzell and Walde held a
successful auction sale here on Sat-
urday, over 250 head of cattle, the pro-
perty of Messrs Price and Jones,
Sweetgrass, being disposed of at good
prices. The auction is vastly changed
here from what it was in June, when
farmers were wondering whether they
could get enough feed for their stock.
Now there is no famine in the dis-
trict, and many cattle are being shipped
out of some.

One of the boys are thinking of
getting up a hockey and skating rink
for this winter. The rink at the lake
has not panned out very satisfactorily
the last two seasons, and if a
good rink could be built it would pro-
vide the boys with a lot of healthy
pleasure during the winter. This
would be a good time also, to take up
the formation of a skating rink. If
the boys would take up the project
the boys say they are willing to stand
behind him.

The Baseball Club Finance, which
takes place on Halloween night, Oct. 31,
promises to be a highly enjoyable
affair. Mrs. Taitor's orchestra will
provide the music.

We want to hear from some of our
country correspondents, news has
been called of late, probably due to
being busy with the threshing. Thurs-
days, you can be over here, but
over. Keep your district before the
public eye, and promote the commu-
nity spirit.

"I Hope Every City and District Will Win My Flag"

When Edward, Prince of Wales—eager, bright eyed, smiling and sincere—arrived in Canada in August, and when he voiced his great admiration of the wonderful achievements of Canadians, on the fields of battle and at home, once again we were thrilled with joyous pride.

He asked concerning Canada's reconstruction programme, and when he was told of the Victory Loan 1919, he graciously consented to the use of his Coat of Arms on a flag, which is to be the prize of honour for districts achieving their quota in the loan.

In dedicating "The Prince's Flag" at Ottawa on Labor Day, His Royal Highness said in part:—"It is a great joy to me to be associated with the loan, which is the bridge between war and peace, and which is finishing off the job."

"I hope every city and district will win my flag."

Striking and beautiful in design, this flag will form not only an unique memento of Victory Year, but a lasting and outstanding souvenir of the visit of His Royal Highness—a visit which will remain as one of the most memorable events in Canada's history.

The reproduction above shows the design of the flag. The body is white, the edge red; in the upper left hand corner is the Union Jack, and in the lower right hand corner the Prince of Wales' Coat of Arms.

The flag is made in two sizes, 4 feet 6 inches by 9 feet for small cities, towns and villages, and 7 feet by 13 feet 6 inches for cities of over 10,000 population.

Canada has been divided into canvassing districts by the Victory Loan Organization. Each city forms one district. Other districts have been determined according to population.

Each of these canvassing districts has been allotted a certain amount in Victory Bonds to sell. To win the Prince's Flag, therefore, a district has to sell its allotment. That is the one and simple condition.

Anticipating that many districts will buy far beyond their allotment, the organization decided that for each twenty-five per cent. excess of the quota one Prince of Wales' Crest be awarded. Thus the workers in a district doubling its quota will be the proud winners of four small crests for their Honor Flag. These crests will be sewn to the flag. The Prince's Crest—

The three ottrich plumes—is shown at the top of the coat of arms.

To every organization with fifty or more employees, where seventy-five per cent. of the enrollment invests a total of ten per cent. of the annual payroll in Victory Bonds, a supplementary Prince of Wales Flag in smaller form—48 inches by 34 inches—will be awarded.

The allotment for each district has been carefully considered, and is based on a conservative estimate of the purchasing power of the district.

Your district can sell its allotment and thus win the Prince's Flag, provided each person does his or her share.

You will gladly do your part and encourage your neighbor to do his.

Remember YOUR purchase may be the one that decides whether or not your district is to be the proud possessor of the Prince's Flag.

The Prince's Motto is "I Serve" Will You also Serve?

Victory Loan 1919

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

Have you figured out the amount of your subscription yet to the Memorial Hall.

The recent sale held by Mr. Macdonald, of the Rexall Drug Store on Thursday, Friday and Saturday last, was a success, and proved very successful, and shows that the public appreciate real bargain when they see them.

One of our local merchants was up before a J. P. Court on a charge of infringing a town by-law having reference to fire kindled within a city limits of a building. The case was, however, dismissed, it being stated that the law did not hold, so there was a well won tie in the fire.

Have you contributed to the War Memorial yet? If not, do it now.

You don't get the full benefit of a newspaper unless you read the ads. You can sometimes save the cost of the newspaper for a whole year by an intelligent perusal of the ads. In one issue.

Additions

The stock was busy locally during the past week, with the following results: Mr. and Mrs. Peter Vogt, of Strathmore, a son, Oct. 15.
Mr. and Mrs. Wm. Petersen, St. James, a daughter, Oct. 15.
Mr. and Mrs. J. Mackay, Strathmore, a daughter, Oct. 15.
Mr. and Mrs. W. Gerrie, Strathmore, a son, Oct. 15.
Mr. and Mrs. T. Schuman, Nipaw, a son, Oct. 4.
Wm. Strathmore, Greer.

Victory Bonds

It is interest that will be taxed not the Principal.

There is a general impression abroad that the total amount of money invested by any one subscriber in the Victory Loan 1919 will be subject to taxation. This impression is erroneous. It will be the interest from the investment that will be taxed, not the principal invested.

As a matter of fact very few investors in the new loan will be brought within the scope of the Income Tax Act by reason of investments in Victory Bonds. With small estates and incomes the law does not become effective under \$200.00 in the case of married persons or persons with dependents, and \$100.00 in the case of single persons without dependents. Municipalities and fraternal societies will not be subject to taxation in their investments in the loan at all. The interest from the Bonds will not be more taxable than ordinary income, subject to the general law of the land.

Remarkable Bank Clearing Emphasizes Importance of Victory Loan.

Judging from the statement of bank clearings for the month of September, Canada is doing an unprecedented amount of business. The clearing advanced 40 per cent. over September 1918. Many quite remarkable increases, outside of the especially large advances of Winnipeg and Windsor, were noted. Toronto gained 27 per cent. Montreal 47 per cent. Kitchener 27 per cent. London 25 per cent. Ottawa 31 per cent. Edmonton 60 per cent. Prince Albert 91 per cent.

The present remarkable period of prosperity in Canada will be maintained if the Victory Loan 1919 is made an overwhelming success. Business men realize this and it is the interests of themselves and the country are being urged to press the importance of the coming loan upon every one with whom they come in contact.

If you have not yet subscribed to the Memorial Hall, do it now.

Rockyford News

Mr. Levitt is remodeling the old harness shop, he is at present building a foundation under the building and plastering the interior.

The Tuleville congregation must have gone to sleep, or the tongues have quit moving (something unusual). Why the other day charming young people were united in marriage and the news did not get to Rockyford till the official rumor announced the event in Rockyford. Why one of our young men had already made preparations to propose to her he even had the ring purchased. When the news told him he would not believe it till he was shown the Rockyford Reporter, and may be nearly died of happiness.

Remember how there's a long and cold winter coming if you want to pull out in good shape in the spring, forget the Chinese and patronize the white man's restaurant.

Miss Abbie Rudd spent Thanksgiving with the old folks at home.

John Brimingham took a trip to Calgary to get trimmed up. He left his car in the garage and returned with a big smile.

W. Ralph, Junior, is moving to Calgary with his family for the winter.

J. J. Tait returned from Vancouver, Wash. on Monday and is at present clothing in the district.

The weather which had remained cold with heavy frosts at night has changed again to real Alberta October weather and farming is continuing throughout the country but unfavorable soil conditions have not proved and has even become serious. Considerable quantities of grain has already been sown in Tuleville and other points, the elevators here being full to the roof and no care was being taken to store the grain.

Who is the new lucky one on the mortgage? Mr. Arthur's Harry's Lewis (son of Robert Lewis and son, and we may get a sign in a black eye.

The Rockyford trials are a very adventurous kind of folk, colonies of them are daily to be found in the wet spots of Calgary planning with out four the unknown, sometimes lead first and also first first, we used to have to charter ourselves a special train to carry the traveling population of our district, no doubt some of our friends would like to charter a little express car for their own benefit but the inter-provincial law has not been resumed yet and is not in effect but they hope it soon will be.

Mr. Elias E. Hoyer returned from his absence, how on Tuesday to look after his many interests here and hopes he will be able to market his crop of the elevator situation improves.

He had a big smile on his face one morning as he walked from his house to the bank, he could not stand all the excitement he walked down to the Crystal, threw in a five dime in the slot machine, bought and paid for a couple of cigars to commemorate the safe arrival of a baby boy. What that look like "Richard Roberts, Junior" We extend our congratulations to the happy mother and father. Mrs. E. Roberts is doing splendidly and so is the baby.

Farmers if you want to double your spare money, the best chance is in Rockyford now. Build at least six four room houses and stick up a sign on the front door, "For Rent."

Wanted to Know.

Have we a health resort in existence in Rockyford or have we not, with the Dryden having discontinued to supply water from the spring, and the C. N. R. tank water obtainable only at the pleasure of the Dryden we would like to know where the citizens come off. Are we to be at the mercy of the Dryden for our water supply or have we elected a council whose duty it is to exact by-law for the protection of the public. If the village is not in a position to drill a town well it is at least the power to license the Dryden to have their license conditional on an adequate supply of spring water for domestic purposes, no doubt if the attention of the health department at Edmonton was drawn to the situation existing here it would place the council in the embarrassing position of assuring the town people a proper water supply.

The only remedy at present is to grant the drying license conditional on the acceptance of a contract to supply the necessary Spring Water for the town at a price determined by the council. The drying would then be a monopoly at the disposal of the council and an assurance of water supply for the village.

Standard News

The largest potato yet is on exhibit at Hansen Bros. hardware store, it weighed 4 lbs. 7 oz. and was grown in C. Anderson's garden.

S. Westergaard and family are moving to the winter home in Calgary, their farm one mile from Chancellor village Westergaard and Serensen have rented.

Mr. and Mrs. Francis and daughter Louise were Calgary weekend visitors Saturday.

Miss Fay Tringle is attending St. Gill. He was shown the Rockyford Reporter, and may be nearly died of happiness.

The largest load of wheat ever hauled into Standard was brought to the W.G. elevator last week from Mr. Inverhugh's farm. The weight of the grain was 172 bushels and 16 lbs.

Sorenson Franch arrived in town from Brooks on Thursday and commenced his duties with the Atlas Lumber Co. H. Halkier who has been employed by the Atlas Lumber Co. and all summer long on Thursday for Wayne where the company has opened a new branch. H. Halkier will return to Standard in six weeks or two months and take charge of the Atlas yard here, while A. Hansen is away of the trip to Denmark which he intends to take this winter.

The new model Overland Four may be seen at the Standard Garage next week and a carload is expected shortly.

T. Rosenbaum was a visitor to Calgary on Monday and Tuesday, attending the Overland dealers convention and longest of the Pacific Northwest. He was accompanied by Geo. Dyball. A. Hansen and J. H. Halkier.

Mr. Lensen who was relieving H. Stewart at the C.P.R. station left Sunday night. The next point that he will visit will be Lethbridge, Sask.

The Ladies Aid Society of the Standard Union Church held a well attended meeting of the home of Mr. Stewart on Wednesday.

Evangelist Anderson's Sunday evening lectures continue to be well attended and will continue for several weeks.

David Gortie has sold his half section north-east of town to Elmer W. The balance of Mr. Gortie's land north of Standard has been leased to John Ross for a term of five years. J. Ver of Fundleton, Oregon is in town on his yearly trip to look after his land interests here.

Miss S. Peterson was the guest of Mrs. H. Hansen on Sunday, and returned to Calgary via Edmonton. Mrs. Peterson is visiting with her daughter, Mrs. T. Hansen and her son, J. Peterson. Mrs. Hansen's home is at Kenmore, N.D.

Hans Hansen of Audubon, Iowa, disclosed his purchase of land from the Standard to W. W. Thompson. His original purchase price of this land was \$11.00 per acre and was sold for \$4000 per acre. His share of the crop this year which was one third of the total was 550 bushels of wheat and 300 bushels of oats. Apparently Hans does not yet realize the proper value of land in the Standard district when he sells it so cheaply, before leaving for Iowa he leased his half section between Standard and Strathmore to Chris. Sorenson.

There has been great activity in real estate circles locally of late, a large number of transfers of land have been made.

Knud Kjar has sold his quarter section at Wayne, the purchaser being Walter Jensen of Wayne.

The cold wave has started business booming at the coal mine. A shortage was caused for a time by a lack of miners, but in the future there will be no lack of all orders promptly.

No. Mabel, there was some tarred and feathered in town on Wednesday. The tarry oil was caused by some of our skyrocketers having a cut of winter dressing applied to the hair.

The Standard Young Men's Club intend to occupy re-modelled apartments in Northgate Hotel. The boys will be at home after Nov. 1. The increasing number of fast freight are keeping against Stewart at work.

Harlow Paulson, of Kenmore N.D. will shortly commence work in the Atlas Lumber Co's yard. Roy, oh boy this year is --, there are about five fellows to one girl in this town and still the girls have to give a little hint to take them out car riding on Sunday. Of course they have to be clean cut men. One says: The lips that touch liquor shall never touch mine. The other: If I kiss tobacco or his mouth, I shall never be doing (I don't blame "smoke" etc.) boys love to see us men and to get into it only way to get one is by saying our money. If a Ford car, be happy and careful.

Two of our prominent citizens were trying to make the editors car for a day ride at one a.m. the other night, but discovered that the editors' pet Ford would not budge, for the simple reason that he employs the latest method of prevention against auto thieves -- had the engine under the pillow. Everything missing except the wheel, which was frozen solid. Two well-known newspapermen, the editor of the Weekly Star and our own editor, were abroad at midnight the same evening and made a hilarious call with the news that the vacant store building would soon be transformed into an up to date hostelry the Pavilion Hotel, swimming pool in the basement. More information about the Pavilion Hotel in our next issue.

STRATHMORE MEMORIAL HALL

TENDERS

Are invited for the excavation and construction of a foundation for the G.W.V.A. Memorial Hall at Strathmore. Plans and particulars can be obtained from the chairman of the building committee, Mr. D. French, Strathmore. Lowest or any tender not necessarily accepted. Tenders received up to and including Wednesday, Oct. 22.

THE PRINCE OF WALES

A large photo of the popular heir to the Throne for all
STANDARD readers

The Family Herald & Weekly Star of Montreal have secured the exclusive rights for all Canada for a real good photo, 10 x 22 inches, of the Prince of Wales. It is by VanDyke, the celebrated London, England, photographer, taken on the eve of the Prince's departure for Canada.

THE STANDARD has made arrangements with the Family Herald and Weekly Star whereby we are permitted to include the Prince's photo in a clubbing offer.

We now make the following offer, good only until December 31st, 1919: The Family Herald & Weekly Star per year, costs \$1.25. The Standard one year, \$1.50.

We offer both these papers for one year each, and an autograph copy of the Prince of Wales' portrait, and 16 x 22 inches, all for \$2.50.

All orders to be sent to this office.

STRATHMORE AND BOW VALLEY STANDARD

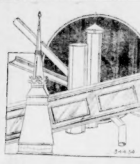

WARNING—This offer is good only until December 31st, 1919, when it is announced the price of The Family Herald will be \$1.50 a year.
